Miss Hattie Thompson, who lives at the home of Wm. A. Wareford at Pittsburg, had a thrilling experience last week and one which no one would willingly be in favor of trying. Desiring to go to her brother's house, a horse was brought out and a side-saddle, which had been hanging in the smoke house for several months, was girted on the horse and she was soon on her way. Everything went on nicely until her return. When she loosened the saddle girth a bumblebee came from beneath the saddle and stung her. It was soon followed by several others and things were lively for several minutes. On investigation they found a bumblebee nest in the padding beneath the saddle. The heavy blanket beneath had kept them from stinging the horse and the saddle girth happened to be in a place that fastened them inside and they could not get out until she released the girth on returning home. She no doubt enjoyed the ride, not knowing that a raging volcano was beneath her, ready and anxious to break forth at any moment. —Holden Enterprise.

Herndon Picnic a Success.

Monroe Keith, of near Sweet Springs, was in Marshall on business Friday and said he attended the Herndon Woodmen picnic the day before. There was a large crowd present and all seemed to enjoy themselves thoroughly.

They Couldn't Afford it

In the Missouri Pacific station here there is a placard which reads, or did read, "NOTICE TO THE PUBLIC." Some practical joker scratched out the "T" in the word "notice" making the sign read "NO ICE TO THE PUBLIC." A gentleman from the Wanamaker neighborhood was at the station waiting for his train. While strolling aimlessly around the room, the bold head line arrested his attention. He gazed at it a minute over the rims of his spectacles and, as he resumed his stroll around the room, he remarked to no one in particular: "I guess the railroad company feels like it cannot afford ice since the two cent rate took effect." —Houstonian.

Another Effort to "Lick the Editor"

Henry Trent stopped us on the street Friday afternoon, showed us a clipping from the Republican of that date giving the particulars of his arrest and fine for stealing a purse, and asked for an apology. As the facts were from the court records we had no occasion to apologize and said so. After swearing at and threatening us awhile we had him arrested and that evening his trial came up before Squire Reuben Davis, who fined him \$1 and costs—\$11.50 total—which he paid.

Assistant Prosecuting Attorney Reynolds represented the plaintiff and Will Meschede the defendant.

We are unable to say whether it's because we edit a Republican paper that every Tom, Dick and Harry thinks he can take a "plug" at us or whether we print more news than the other papers.

Saved Her Son's Life

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppe. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvements. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by P. H. Franklin, Druggist. 50c and \$1.00. Trial bottle free.

A Joplin attorney believed

he could fool his friends by masquerading as a hobo. The net results of his effort were these: One woman badly frightened, threatens to call police; another woman, badly frightened, looks like she would like to call police; another woman, badly frightened, too scared to call police; one bulldog, not frightened at all.

To cure a cold first move the bowels. Bee's Laxative Cough Syrup acts gently on the bowels, drives out the cold, clears the head. Spasms St. Vitus' Dance

Many persons who suffered untold agonies from epilepsy, fits, spasms, and St. Vitus' Dance are today well. The strengthening influence of Dr. Miles' Nerve Tonic upon the shattered nerves having restored them to perfect health.

"I endured agony that words cannot express from St. Vitus' dance, which followed a very severe spell of rheumatism. I doctored with a physician, but the more I took of his medicine the worse I got. My mother's devotion saved me. After she had become almost heart-broken, as well as physically exhausted from constant care, by the advice of a neighbor she procured a bottle of Dr. Miles' Nerve Tonic. From the first dose to the last a continual change for the better was noticeable, and when I had taken eleven bottles I was well, and in robust health."

EDWARD D. REAM, North Manchester, Indiana.

"Our little boy Harry, had spasms for three years, and although we doctored with many physicians, he continued to grow worse until he had ten spasms in one week. About that time our attention was called to Dr. Miles' Nerve Tonic. We began giving it to him. His improvement seemed slow, but when he had finished the fourth bottle the spasms had disappeared, and have not been seen now for years. We shall always recommend Dr. Miles' Nerve Tonic."

MRS. BELLE M. TINDALL, Hastings, Neb.

Dr. Miles' Nerve Tonic is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

AFRAID OF LOCAL OPTION.

Beer Makers Organize to Stop Spread of Prohibition.

Cincinnati, Aug. 29.—United action by leading brewers of the United States against the spread of the local option idea was begun in a secret meeting in this city yesterday, news of which developed to-day. It is proposed to adopt a definite plan to stop the spread of local option, especially in the South. This was the prime object of the meeting.

There was no formal call issued and no publicity of the fact that there was to be a meeting. Representatives of the big breweries of Chicago, Milwaukee, St. Louis and Cincinnati were present. The inroads that local option is making, especially in the South, were thoroughly discussed and it was decided that some action would have to be taken.

A committee was finally appointed to report on ways and means for accomplishing the purposes of the meeting.
